Annexure/ परिशिष्ट -I

**Decision/Order of the Commission**

**आयोग का निर्णय / आदेश**

With respect to appeal under section 24 of the National Commission for Homoeopathy Act, submitted by Principal, E.B. Gadkari Homoeopathic Medical College & Hospital, vide letter no. DSVK/EBGHMC/NCH/28B/2023/5761 Dated 12.09.2023.

**Deficiency No. I remark:**

**Remarks conveyed by MARB to the College:**

Teaching Faculty: professor/associate professor is not available in Dept. of Repertory.

**Submission of College to Commission at appeal stage:**

We needed either professor or reader in the department of repertory as per MSR 2013 So we advertised the post of reader for recruitment on 22nd April 2022 and conducted interview on 7th may 2022, but nobody applied for the post. Hence we have appointed second additional lecturer for the substitution of workload. Therefore now we have 2 lecturers. However now senior lecturer is due for the post of reader and the same will be filled up through the staff selection process in our university.

**Observation of Commission:**

Advertisement dated 22<sup>nd</sup> April 2022 has been provided, for 1 reader and 1 letter. Dr Jyotibha Raghunath Fagare was appointed as Assistant Professor of repertory on 7<sup>th</sup> May 2022. Subsequently, Dr Kapil Shanker Patil has been appointed as lecturer in department of repertory on 1<sup>st</sup> April 2023.

**Deficiency No. II remark:**

**Remarks conveyed by MARB to the College:**

**Hospital Functioning:**

- On the day of visit, 50 patients were registered but during visit of individual OPD only 11 patients were found.
- Timing of OPD is 10 AM to 5PM but not displayed anywhere in Hospital.
- In Hospital electric facility is available but fan or coolers are not provided in IPD
- Patient's data in computer is from January 2023 till date. Prior to this information was not provided even after asking repeatedly, creating doubt about the functionality of OPD.
- Patient register entry is available only from July 2023 till date of inspection. The register before that was not made available despite repeated requests

भारत 2023  
ONE LEADERSHIP ONE FUTURE

- f) The Registration in Central OPD register seen to be incomplete i.e. serial number, contact no. and complete address and diagnosis were not written in register
- g) OPD registration for new/old cases is with continuous serial number, hence discrimination of old & new cases is difficult.
- h) Single person is available for registration work (manual & computerised) issuing of OPD tickets for all OPD tickets after taking medicine by the patient is done by single person. It seems very surprising and makes modus operandi doubtful.
- i) Separate departmental OPD register not maintained in Hospital.
- j) OPD cases are not signed by doctors on duty.
- k) Dispensing register is not prepared & medicine indent is poorly maintained.
- l) Medicine quantity is observed less inspite of average 124 patients per day.
- m) It seems surprising that the dispenser didn't have knowledge of Medicine, when asked to prepare Rubrum so, he couldn't make Rubrum nor give information for that.
- n) X-ray room available with machine without X-ray table or film & safety measures seems not functioning X- ray register is maintained & last X-ray was done on 19-08.2023 which is doubtful.
- o) Pathology lab available but not adequate arrangement related investigations is found. Lab was unclean & investigation reports are not signed by pathologist.
- p) IPD registers not signed by any authority of nursing staff at the time of admission or discharge of patient.
- q) IPD registers does not contain information like OPD no. Complete address, contact no, disease diagnosis, signature of authority during admission of patient.
- r) IPD dispensing medicine register is provided but separate IPD dispensing arrangement is not observed.
- s) Nursing staff room contains old large number of files with dust.

### Submission of College to Commission at appeal stage:

- a) *On the first day of inspection there were total 124 registered patients in our College Hospital OPD. On the second day there were total 123 registered patients in our College Hospital OPD. However at the time of visit of inspection committee on 31st August 2023 there were 11 patients*

ONE EARTH - ONE FAMILY - ONE FUTURE

- in the waiting for OPD and 50 patients had left after their checkup and remaining 63 patients were seen up till 5:00 PM
- It is true that the timing of our hospital OPD is from 10:00 AM to 5:00 PM daily on all working days. The same has been displayed in the college and hospital premises
  - There are fans available in the IPD of our College Hospital since the electrification of the college and hospital building.
  - The OPD data of College Hospital was provided to the inspection committee for the calendar years 2022 and 2023 till the date of inspection. The statistics of central OPD, departmental OPD is also available.
  - The OPD register is maintained both manually and computerised excel sheet since 1st July 2023. The OPD register prior to it is available in excel sheet files
  - The central OPD registers have serial numbers, address, date and other relevant information. However the diagnosis and treatment is written on the OPD case papers
  - The OPD registers have continuous serial numbers for a total count of the day. But the remark of old and new patient is mentioned in the last column of the register
  - We have all the requisite hospital staff as per MSR 2013 in our College Hospital. They all perform their duties as per the office order. However registration clerk, secretarial staff, and 2 auxiliary staff look after the reception registration and hospital office work apart from other staff members.
  - Departmental statistics in respect of 4 departmental OPDs is available in the central OPD registers.
  - The OPD case papers were not signed by the doctors on duty due to unavailability of space for doctors sign on the OPD case paper stationary. However the provision for doctors sign on the OPD case paper stationery is made in the new stationary. Meanwhile all doctors on duty have been instructed to sign in the vacant space
  - Remedy information of OPD patients is available on the OPD case papers of each patient. However IPD dispensing register is prepared and medicine indent register is maintained properly.
  - Medicine quantity is made available in our College Hospital as per the requirements regularly. But we have conducted several health camps in the surrounding villages in the near past which consumes lot of medicine quantity. However we have purchased additional new stock of medicines recently in March, April, and July as per our requirements

भारत 2023  
ONE HEALTH ONE FAMILY ONE FUTURE

- m) The dispenser is a regular employee but he could not prepare Rubrum on the day of inspection as it was out of stock in the dispensary. However we have placed an order for rubrum and several other required medicines
- n) We have X ray room in our College Hospital along with the X ray machine, table, film and safety measures. However on the day of surprise inspection the table was shifted outside the room for the time being work and now the same is shifted back in the X ray room. There are few patients who require extra investigations. Hence the last X ray was done on 19th August 2023. The radiologist, radiographer and x-ray attendant are all appointed on call basis as per msr 2013
- o) We have separate clinical laboratory in our College Hospital with adequate arrangements as per MSR 2013. We have appointed a pathologist and a lab technician. However there were unclean window panes due to additional construction work of the building being done for expansion. The investigation reports are signed by lab technician under the guidance of pathologists as per our stationary format of lab investigation reports. However new stationary format with pathologist is being provided for the clinical laboratory
- p) IPD registers are signed monthly by the SMO or MO on duty with department wise statistics
- q) IPD registers assigned have serial numbers address, date and other relevant information. However the diagnosis and treatment is written on the IPD case papers. IPD registers are signed monthly by the SMO or MO on duty with department wise statistics
- r) IPD dispensing registers are maintained properly with common dispensing arrangement in our College Hospital dispensary itself
- s) There is a separate nursing staff room in our College Hospital for nurses. However due to expansion work of building files were kept for time being northern nursing staff room is fully made available for nurses.

## Observation of Commission:

- a) A printout list of 124 patients is provided for 31<sup>st</sup> August bearing name, OPD number, age, sex, address and whether new or old patients and a printout list of 123 patients is provide for 1<sup>st</sup> September bearing name, OPD number, age, sex, address and whether new or old patients has bene provided. The college claims that the patients were seen in the morning, during inspection and till evening. The issue pertains to actual physical presence of patient in the OPD and cannot be resolved from the available documents.

- b) The college claims that the said display is available in the premises. The issue pertains to the actual physical availability of display board and cannot be resolved from the available documents.
- c) Two photographs of IPD have been provided showing fans. The issue pertains to the actual physical presence of fans/coolers and cannot be resolved from the available documents.
- d) Print outs of patient list from 1<sup>st</sup> January 2022 to 31<sup>st</sup> December 2022 and from 1<sup>st</sup> January 2023 to 11 September 2023 is provided bearing name, OPD number, age, sex, address and whether new or old patients. Photocopies of Handwritten central OPD register is provided from 1<sup>st</sup> July 2023 to 9<sup>th</sup> September 2023. The data in the handwritten record is matching that in the print outs provided.
- e) The central OPD register has headings of serial number, OPD number, name of the patient, address (Town name given), age, sex, remark (new /old). Diagnosis cannot come at the time of registration. Contact number may not be a mandatory entry.
- f) Serial number is continuous, but OPD registration number is as per allotted number in the first visit. The same has been cross-checked from the previous visits.
- g) A copy of leave application of one auxiliary staff is provided. In availability of minimum requisite staff in the college as per MSR.
- h) Departmental statistics is provided. However, there is no separate departmental OPD registers. Thus, submission accepted.
- i) Photocopies of 10 case records are provided where doctor signatures are given. The deficiency is rectified.
- j) There is no patient wise medicine dispensing register. The dispensing register only mentions medicine name, potency and dosages given. Medicine indent register mentions medicine name, date, potency and quantity. Thus, submission accepted.
- k) Supply bills for medicines are enclosed.
- l) The non-availability of table is not a deficiency. The provision of required safety measures is under the provisions of registration of the machine under AERB.
- m) The matter is procedural and is not a deficiency. Cleanliness and other requirements are under the purview of good laboratory practices and biomedical waste management.
- n) A photocopy of IPD register bearing signature of MS/SMO/MO at the end of the month is provided. Thus, submission accepted.
- o) OPD number is mentioned in the register. Thus, submission accepted.
- p) IPD dispensing register copy provided. Separate provision for dispensing for IPD is a procedural matter.

एक साथ एक परिवार एक दुनिया

**Deficiency No. III remark:**

**Remarks conveyed by MARB to the College:**

**College:**

- As per attendance register faculties (from first BHMS to third BHMS) are coming regular in college, but without students, classes, clinic or any work allotted by Authority/Principal or any duty in Hospital seems doubtful. Even at the time of visit, faculties duty in Hospital was not displayed anywhere in Hospital.
- This College is run by Disha Shikshan Vikas Kendra, Gadhinglaj, Kolhapur & College was not permitted for admission since 2019-20, only 12 students of 4<sup>th</sup> BHMS studying in college.
- The College Building is under construction / not fully constructed.
- Teaching Attendance register maintained manual & Biometric. But arrival & departure time of faculty is not maintained only arrival sign is found.
- On the day of inspection 30.08.2023, total regular faculties 27. Out of which 3 faculties were absent by physical verification (Dr. LH Halhatti, Lecturer-MM, Dr. V.G Kadam (FMT, Lecturer), Dr. BF Godad, Community Medicine, Reader ) but at the time of department visit were found present
- Out of 12 Guest faculties, 4 were present on the day of visit.
- Departments were unclean, some departments like Pathology, Physiology, Physiology etc doesn't have light or fans.
- Form - 16 is not provided for verification.
- Leave applications of teacher/hospital staff who were absent, were not provided for verification.
- Guest faculty name mentioned in attendance register for teaching faculty serial no.20, 21, 22, 23, 24, 29, 30, 31, were absent at the time of signature verification in Principal's room as well also absent during department visit.
- In the attendance register, P was marked against some faculties.

**Submission of College to Commission at appeal stage:**

- Ministry of Ayush New Delhi has denied permission to take admission in first BHMS course for the academic year 2019-20. Thereafter National Commission for Homoeopathy New Delhi also denied the permission for the academic year 2020-21, 2021-22, 2022-23. Hence there are no admissions done in in our college for the last 4 academic years. However our college was granted permission by ministry of Ayush to

ONE EARTH - ONE FAMILY - ONE FUTURE

take admission for first BHMS course for the year 2018-19 with 50 intake capacity. The students of the last batch of session 2018-19 have already passed final BHMS. So there are a few repeater students in our college. However all existing teaching staff members are dedicated and committed to the system of homoeopathy and their students. All the teaching staff members conduct classes, clinics and practicals for the repeater students as per timetables and additional hospital and healthcare duties.

- b) It is true that the permission was denied for the last 4 years by the Ministry of Ayush New Delhi and National Commission for Homoeopathy New Delhi to our college due to severe financial crisis and adverse circumstances in the college management. Now the new trustees have been inducted with effect from February 2023 by the college management as per NCND agreement who are financially competent to run the college as per the NCH norms. Accordingly we have filled all the minimum standard requirements of infrastructure and teaching and training facilities as specified in regulation 3 of the homoeopathy central council MSR regulations 2013. There are only 12 students in 4th BHMS class studying at present in our college who also belong to old (odd - sic) batch. They are going to appear for university exams in winter 2023 exam session
- c) Our college and hospital is now being run in our own college and hospital building in our own 10 acre of land. Since the year 2013, the college and hospital building is a RCC structure which houses both the college and hospital. However this building is not yet fully completed as per the original building plan as the remaining construction is for projection in future. The major part of the building in use by our college and hospitals is of 40,000 square feet which is sufficient as per MSR 2013 of CCH. This building is constructed in the year 2014 and it was inspected by LIC of MUHS for shifting of college from old rented building to own new building in year 2014. The remaining incomplete part of building is for projection and growth of institution in future. However the safety measures along with maintenance of building in use are in proper condition.
- d) We have maintained the teaching attendance register in both manual and biometric formats. However there is no separate provision for time of arrival and departure in these formats. These teachers performed their duties as per the timetables and notifications issued from time to time by college office
- e) On the first day of inspection all the 27 full time teachers were present. However 3 teachers were present in their respective departments only

Amrit Mahotsav

भारत गुरुवर्ग  
ONE EARTH - ONE FAMILY - ONE FUTURE

- and hence they were not available for physical verification in the principals chamber for the inspection committee
- f) There are 12 guest faculty teachers in our college. All these guest faculty teachers perform their duties as per the timetables. However at the time of physical verification by inspection committee only 4 were available as there are no students in the college due to no admission.
- g) Some departments were having unclean window panes due to additional construction work of the building being done for expansion. There are sufficient fans and lights available in all the departments of our college since the electrification of the college and hospital building.
- h) Our college management was not able to make salary payments along with EPF etc of our college and hospital employees regularly in past few years due to financial problems of our institution caused by heavy construction of our college and hospital buildings and deaths of trustees. So also the permission of admission in our college is denied by the Ministry of Ayush/ NCH for the intake of the from the year 2019-20 onwards. This has caused further financial crisis in our institution for the last few years. Hence there was a delay in payment of salaries to the staff of our institution. The salary of all employees of our institution are made regular from the financial year 2023-24 by the newly inducted trustees. However the previous salary areas will be paid as per the NCND agreement in due course of time. Hence form 16 of financial year 2022-23 could not be generated in terms of above. However form 16 of all employees shall be generated from the financial year 2023-24 onwards.
- i) All teachers were present on the day of inspection. However few hospital staff members were on leave. Their leave applications were available.
- j) There are 12 guest faculty teachers in our college. All these guest faculty teachers perform their duties as per the timetable. However at the time of physical verification by inspection committee only 4 out of 12 are available as there are no students in the college due to no admission for last 4 years
- k) There are 12 guest faculty teachers in our college. All the guest faculty teachers perform their duties as per the timetables. These 12 faculties are not fulltime teachers. Only full time teachers sign the musters and P is marked for present guest faculty teachers whenever they come to the college

**Overall observation:**

- Based on the submission made by E B Gadkari Homoeopathic Medical College & Hospital, Kolhapur, Maharashtra, on 12.09.2023 the documents have been carefully examined as per the provisions of the Homoeopathy Central council (minimum Standards Requirement of Homeopathic Colleges and attached Hospitals) regulations, 2013 and the relevant regulations made there under and it is observed that Hospital functionality needs further improvement as per the terms of MSR 2013, Regulation.
  - Now, THEREFORE, the Commission recommends continuation of permission of 1st BHMS course with 50 seats by E B Gadkari Homoeopathic Medical College under section 59 of NCH Act 2020."
- Accordingly, your representation dated 12.09.2023 to Commission against MA&RB letter dated 06.09.2023 stands disposed off.
  - If aggrieved with the above decision as per NCH Act 2020 may place a second appeal to the Central Government within 7 days of issue of this communication of above decision.
